

JUSTICE DOLL

Justice Doll is a visual image of the **FACE** of the most vulnerable, whose aim is to create awareness and be a **VOICE** in the ongoing fight for women suffering world-wide. **Justice Doll** is also a job creation program for vulnerable African women who hand make the Justice Doll. We restore hope and dignity while empowering them and their families to live healthy and positive lives.

Justice Doll empowers **YOU** to be a **Voice** for women suffering worldwide.
