

Staffing Needs

It takes a small village to run our campus here at YWAM Faith Harvest Helpers / Olympia, WA. We have a number of staff opportunities available. Below is a list of some of our biggest needs regarding staffing along with more information about our expectations for potential staff. Please read the Staff Commitment section carefully before inquiring. We hope you prayerfully consider joining our incredible team, and can't wait to hear from you.

See contact details at the bottom of this document to request more information about any of the staffing opportunities.

Registrar

Our Registrar Department is often the first point of contact a prospective student has with a real live person at our campus. We couldn't have a successful training program without a good registrar. If you love talking to people and want to help us grow our schools and reach the nations, this is the job for you!

Administrative

Our administrative team is always looking for skilled, professional and willing servants to help us with our in-house Administrative Department, as well as opportunities to work with other YWAM ministries around the world. If you are experienced in Microsoft products and QuickBooks Online for Non-profits and want to make a difference in the Kingdom of God through your creativity, then get in touch! We have two-year full time staff positions, as well as shorter Mission Builders opportunities available. Experience is not required, but sure is appreciated!

Kitchen Staff

We're looking for kitchen staff to prepare and serve meals here on campus. Hungry students aren't able to concentrate on discipleship, biblical studies, dance, sports, etc. Happily fed students are able to learn about God's love, so they can tell others and move our mission forward.

Landscaping & Grounds

Our Landscaping and Grounds team is looking for anyone with a green thumb and a willingness to serve! With 30 acres of property, we have a lot to look after – keeping it green in the summer and cleanup in the winter! There are great opportunities for disciples, and creating a beautiful space for people to be trained and sent into missions. Experience is not required. We have full time Staff positions, as well as shorter *Mission Builders* opportunities available.

Auto Shop

Our Transportation and Automotive Mechanic team is in need of skilled, professional mechanics to help us with our fleet vehicles, as well as opportunities to work on other vehicles in our YWAM community. If you have experience as a mechanic, or want to serve using mechanical skills, and want to make a difference in the Kingdom of God through automotive related services, then get in touch! We have full time staff positions, as well as shorter Mission Building Opportunities available.

Facilities & Maintenance

Our Facilities and Maintenance team is always looking for skilled, professional and willing servants to help us with our in-house construction and maintenance, as well as opportunities to work with other YWAM ministries around the world. If you are experienced in construction, plumbing, electrician work, maintenance or general contracting and want to make a difference in the Kingdom of God through your creativity, then get in touch! We have two-year full time staff positions, as well as shorter Mission Builders opportunities available. Experience is not required, but sure is appreciated!

Creative Media

Our Creative Media team is always looking for skilled, professional and fun creative people to help us with our in-house marketing as well as opportunities to work with other YWAM ministries around the world. If you are experienced in graphic design, web-development or film making and want to make a difference in the Kingdom of God through your creativity, then get in touch! We have short term internships (1-6 months) as well as full time staff positions available.

Food Ministries

Our Food Ministry team is always looking for skilled, professional and fun people to help us with our food ministries as well as opportunities to work with other YWAM ministries around the world. If you are experienced in processing food, managing food facilities (food bank, drivers) and want to make a difference in the Kingdom of God through your gift, then get in touch! We have short term internships (1-6 months) as well as full time staff positions available.

Mission Builders

We have positions open in everything from office help to food services to maintenance. You will be placed in a working environment that suits your abilities and desires, helping us to meet our current staff needs. You will have the opportunity to work alongside our long-term staff and develop meaningful relationships, gaining insight into full-time service. As a Mission Builder, you may serve for a term of 2 weeks to 3 months, after which time we encourage you to consider becoming involved in one of our Discipleship Training Schools.

Vacations With A Purpose

We noticed that many children go on missions trips without their parents and vice versa. Then when they come home and try to explain their experience, it doesn't always connect. However, if a family can go together --- experience missions and missions work together --- then the whole family has something that they can reflect back on. Currently, we have a need to develop the campus with construction projects and making the base livable and presentable.

With God, truly anything is possible. VWAP is a program that not only keeps our campus functioning and presentable, but whole families can come, be introduced to missions in a very low cost way, and leave knowing they have made an impact in the Kingdom of God and the lives of our missionaries.

Our staff consider it a tremendous blessing that you would volunteer a week out of your summer to join us to help improve our facility for our current and future missionaries. Come expecting to hear many stories and testimonies from our staff and students who will be working right alongside you, and are always willing to share.

Staff Commitment

STAFF EXPECTATIONS -- All YWAM staff worldwide are required to have successfully completed a Discipleship Training School (DTS).

All of our staff positions require a two year commitment. If you are interested in serving for a shorter period of time please read the "Mission Builders" opportunities section.

All of our staff positions are non-paid volunteer positions. To join YWAM as staff anywhere in the world, you need to have your own financial backing. All of our staff members raise support and depend on God's provision and the generosity of their supporters to cover their expenses.

If you have any questions please do not hesitate to contact us.
